Hi Judy,

I'm planning to go on the flight, but I'll gladly bow out if space is limited. I weigh Ex. 6 - Personal Privacy The 26th would work great for me. The 28th would also work, provided Ex. 6 - Personal Privacy

Ex. 6 - Personal Privacy

Thanks.

Dan

Hello - I am working on logistics for the Bristol Bay overflight in conjunction with the fisheries subgroup meeting the week of September 26. Right now the overflight is planned for Tuesday, September 27 and the meeting on September 28 and 29.

Please let me know the following information at your earliest convenience so the details can get nailed down.

Do you plan to go on the overflight of Bristol Bay?

If so, what is your weight for the manifest?

DOI Aviation Management has told us that the most cost effective charter service is not available on the 27th? Would you be able to adjust your travel and work schedule if the overflight is on either the 26th or the 28th? (Please give me a yes or no for each date).

Thanks!

Judy
